INFORMATION FOR VISITING SCHOOLS 2021 FOOTBALL SEASON

Please share this information with the football coach, high school principal, band director, spirit squad coach, video crew, and radio broadcasters.

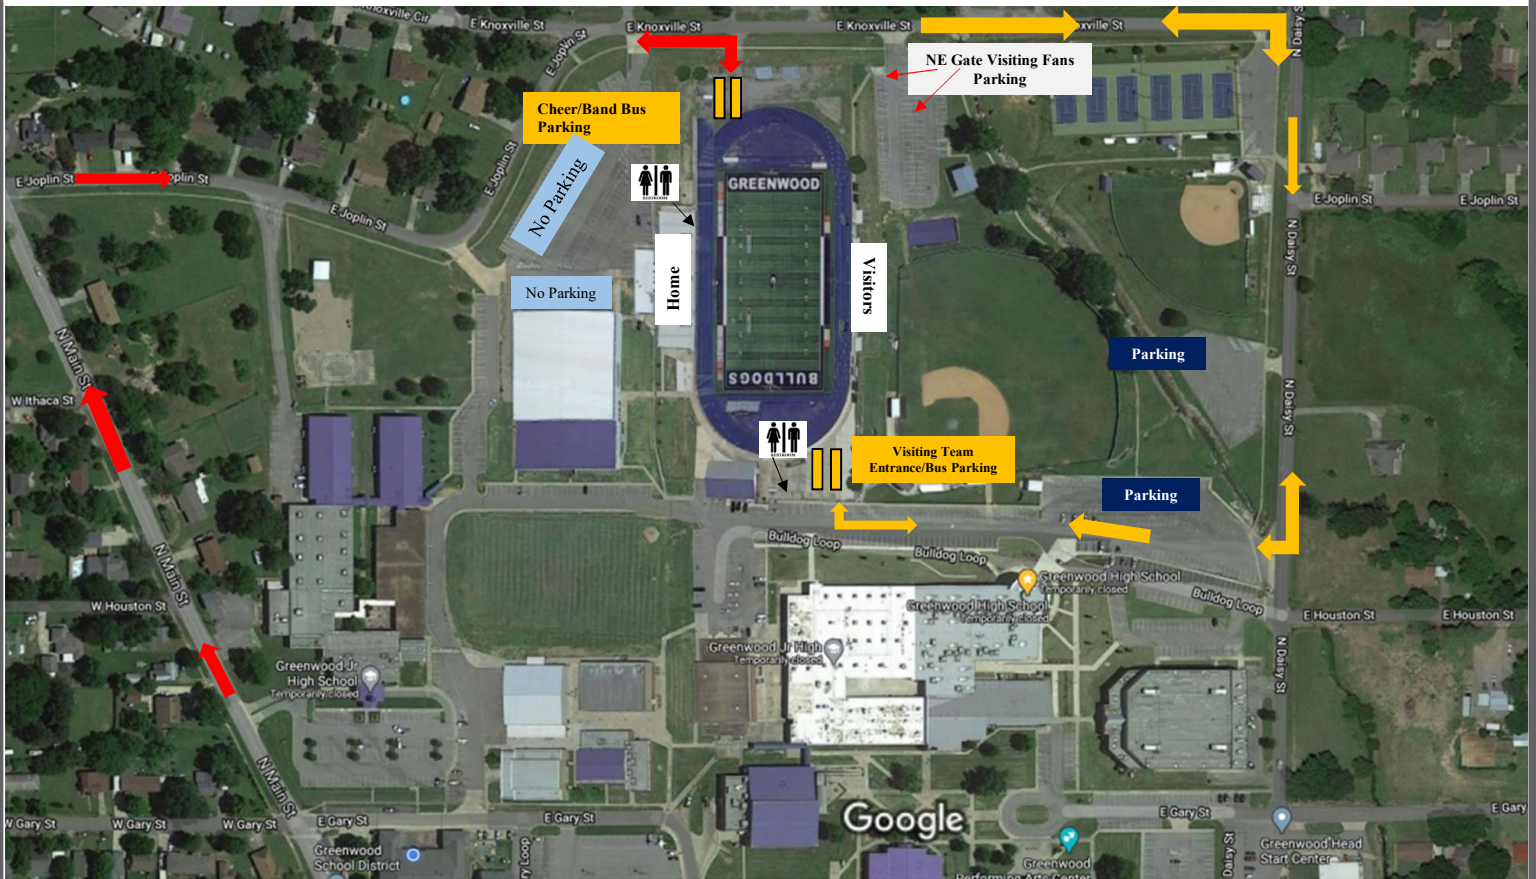

Share gate and parking information with spectators.

1. A map is enclosed showing the location of the visitor's dressing room, parking for band buses, and the location of entrances to the stadium. Also you will find written directions for getting to Greenwood from U.S. Highway 71 South and Highway 71 North. Ticket booths are located on the south, west and northeast sides of the stadium. There is a parking lot at the northeast corner of the stadium directly north of the visitors' bleachers.
2. The team buses will park inside the fence on the SOUTH end of the stadium. You will back team buses through the gate between the baseball field and the field house. The band and cheerleader buses will go through the gate on the NORTH end of the stadium and park inside the fence. Your band will sit in the bleachers on the North end of stadium.
3. Your team will dress in the field house on the south end of the stadium. There is a double door to your dressing room on the north side of the field house facing the field. You will warm up on the north end of the field and your bench is on the east side of the field.
4. There is a water faucet and hose on the visitors' sideline. Electrical access is on the visitors' sideline also.
5. Your coaches' booth is on the far end of the first floor of the press box. Your radio crew may use the booth next to your coaches' booth.
6. The camera bay is on the second floor of the press box. There is room for only one visitor's camera.

STADIUM EVACUATION PLAN FOR SEVERE WEATHER 2021

We are providing the following information for you to share with your fans in the event that lightning or severe weather requires that we evacuate the football stadium during our upcoming game, an announcement will be made over the public address system stating that everyone must leave the stadium.

LIGHTNING

- Team & Coaching Staff will go to their locker rooms.
- Visiting Team Fans will go to the Arena.
- Spirit Squad and Band from both Schools will go to the Arena.

TORNADO

- Everyone should report to the Tornado shelter or the lower level of the Freshman Center
- After the stadium has been evacuated, your head coach, principal and athletic director will meet with the referee and the Greenwood head coach, principal and athletic director in the football office in the GMAC to discuss resumption of play.
- In the information packet that we have sent to you, there is a map of our high school campus that shows the location of the above mentioned facilities.
- Please be prepared to help direct your fans to the proper location, should the need arise.
- If you have questions, please contact:
Dustin Smith, Greenwood Athletic Director
479-461-5524

GREENWOOD FOOTBALL

SMITH ROBISON STADIUM

SMITH ROBISON FIELD AND THE GMAC

GREENWOOD SCHOOL ADDRESS: 420 N. Main Street, Greenwood, AR

VENUE DIRECTIONS

Smith Robinson Stadium is located between E. Knoxville Street and Bulldog Loop. There are two gated entrances onto the field:

1. The primary gated emergency entrance is located on E. Knoxville Street. When traveling north on N. Main Street, turn right on E. Joplin Street which will curve into E. Knoxville Street. The gated entrance will be on the right.
2. The secondary entrance is located on Bulldog Loop. When traveling north on N. Main Street, turn right onto E. Gary Street. Then take the next left onto Bulldog Loop, which is an unmarked street. Follow Bulldog Loop around until Smith Robinson Field is located on your left. The gated entrance is located on the southeast corner of the field.

The GMAC is the indoor sports facility located just to the west of Smith Robinson Field. The emergency entrance for the GMAC is located on the north end of the building. When traveling north on N. Main Street, take a right onto E. Knoxville street. Travel down the hill and take the second right into the parking lot located to the north of the building. There is a ramp with a garage door opening on the northeast side of the GMAC.

GPS Coordinates In event of the need for a medical helicopter transport: 35.221343, -94.253702 (onto Smith Robinson Stadium)

Map Key:
Red arrows lead to Smith Robinson Stadium
Yellow arrows lead to the GMAC

GREENWOOD FOOTBALL

SMITH ROBISON STADIUM

EMERGENCY PERSONNEL

Athletic Trainer (ATC) is in charge of emergency until EMS arrives. Doctors will assist if summoned by ATC. Coaches and Athletic Trainer Student Aides (ATS) are also available to assist ATC but only if asked. The only exceptions are the visiting ATC, who is responsible for their team, and when ATC is not at games or practices the head coach is in charge until ATC or EMS arrives. People coming to help should be introduced to ATC in charge. This will allow all working the scene to know who is who.

Responsibilities of Emergency Team Members:

During home games, the home team ATC and the visiting ATC are responsible for their own teams but may assist the other ATC if needed. Since there is only one ATC on campus, all coaches are responsible for emergencies during practice and games until ATC, EMS, or doctor arrives on scene. Since insurance coverage varies among athletes, parents may decide how their athlete is cared for and where they are cared for. Parents are the primary person to accompany student to hospital. If parents are not around, a member of the sports medicine team or an assistant coach will accompany athlete to hospital.

EMERGENCY COMMUNICATION

GMAC: fixed telephone lines located in the athletic training room of the GMAC (479-252-6370) and in the coaches office of the GMAC

SMITH ROBINSON STADIUM: The certified athletic trainer carries a cellular telephone.

Emergency Contact Numbers:

EMS, Fire, Police: 911

Dr. Dustin Smith (Athletic Director): 479-996-4142; cell 479-461-5524

Lauren Sexton (Athletic Trainer): 479-719-3201

Kelby Chambers (Athletic Trainer): 479-970-6777

Wesley Robinson (Maintenance): 479-849-4394

John Ciesla (Superintendent): 479-996-4142

Josh Ray (GHS Principal): 479-996-4141

Jim Caudle (Director of Operations): 479-597-8005

Poison Control Hotline: 1-800-222-1222

If 911 is called for any reason, please contact the school ATC and the AD.

GREENWOOD PUBLIC SCHOOLS

"Creating Champions in the Classroom, in the Community and in Competition."

EMERGENCY EQUIPMENT

GMAC: AED, vacuum splint kit, spine board, DataTherm II, hot/cold whirlpool, medical supplies

SMITH ROBINSON STADIUM: Portable AED, vacuum splint kit, medical kit with supplies

911 Phone Instructions:

1. Call 911
2. Instruct EMS personnel to "report to __location__ and meet __person__ at __specific entrance__ as we have an injured _____ in need of medical treatment"
3. Send Coach or Athletic Training Student to retrieve release form and insurance information.
4. Provide necessary information to EMS Personnel
 - Name, telephone number of caller.
 - Number of victims, condition of victims (see triage method below).
 - First aid treatment initiated.
 - Information as to who is on site. (ATC's, coaches)
 - Other information as needed by the dispatcher.
5. Provide emergency care until arrival of EMS personnel.
6. When EMS arrives provide the following information.
 - Method of injury
 - Vital signs
 - Treatment rendered
 - Medical history
 - Assist EMS with emergency care as needed
7. Notification of different staff and Parents
 - Coach if not present
 - Parent notified by ATC or Coach
 - School Administrator
8. Member of the Sports Medicine Staff to accompany student-athlete to hospital. If not possible then a member of the coaching staff or administrator will accompany the student-athlete.
9. Completion of injury report by ATC or Coach if ATC was not present.

Coaches and Administration should help control the crowd.

Emergency Care:

Apply basic emergency care as situation requires. Care might include:

1. Check life threatening conditions
 - Level of consciousness – if unconscious call 911 immediately
 - Airway – is airway blocked
 - Breathing – is person breathing
 - Circulation – does person have pulse
 - Bleeding – is person bleeding severely
2. Call 911 now if necessary
3. Emergency equipment
 - AED, first aid kit
4. Apply basic first aid as situation requires
 - Adult CPR: 30 compressions then every 2 breaths
 - Bleeding: direct pressure over injury; elevate injury over heart if possible; apply sterile dressing over injury
 - Splint fractures
 - Spine Injuries - Hold head, neck, and back inline
 - Treat for Shock - if necessary
5. Any other emergency procedures as necessary
6. Other things to consider during emergency situation:
 - Reassure and calm athlete
 - Don't move severely injured athlete unless he/she is in danger
 - Don't reduce fractures or dislocations
 - Sufficient lines of vision between the medical staff and all available emergency personnel should be established and maintained
 - Once the medical staff begins to work on an injured player, they should be allowed to perform services without interruption or interference
 - Keep players, coaches, spectators away and prevent them from helping injured athlete

Triage Method

The concept of triage is simply a method of quickly identifying victims who have immediately life threatening injuries and who have the best chance of surviving so that when additional rescuers arrive on scene, they are directed first to those patients. When the situation arises where there is a need to treat multiple victims, the head ATC at the site will be in charge of determining the order of care for the victims. ATC will assign doctors, AT students, or coaches to assist in care until EMS can attend to athlete. All victims will be identified using athletic tape as follows:

- **IMMEDIATE** – 1 mark on a piece of tape for the serious, life-threatening injuries that need immediate care. These patients are at risk for early death - usually due to shock or a severe head injury. They should be stabilized and transported as soon as possible.
- **DELAYED** – 2 marks on a piece of tape for moderate injuries that aren't immediately life threatening. They should be reassessed when possible and those with the most serious injuries or any who have deteriorated should be top priorities for transport.
- **MINOR** – 3 marks on a piece of tape for mild injuries that require the least amount of emergency care. Any of these patients could deteriorate if they had more serious injuries than originally suspected. They should be reassessed when possible.
